

# KÄRCHER

makes a difference

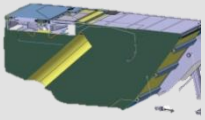

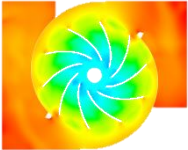

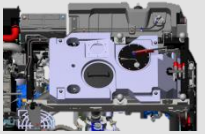

## MC 250

# Features - advantages - benefits

	Feature	Advantages	Customer Benefit
	Central display integrated in steering wheel hub	<ul style="list-style-type: none"><li>▪ Display is always in drivers field of vision without turning the head</li></ul>	<ul style="list-style-type: none"><li>▪ Full focus on working area and traffic</li></ul>
	Ergonomical operation panel with 2 joystick operation  Operating concept according to Kärcher family (e.g. MC 80 & MC 130)	<ul style="list-style-type: none"><li>▪ All sweeping, working and driving functions are well structured and arranged</li><li>▪ Driver can stay focused on operation due to intuitive and ergonomical working conditions</li><li>▪ Less training/experience required if customer has several machinery from Kärcher fleet (e.g. 130)</li></ul>	<ul style="list-style-type: none"><li>▪ Increased efficiency within daily work and higher safety due to driver can stay focused on application and traffic</li><li>▪ Higher flexibility within change of drivers</li></ul>
	ECO „quickstart“ button	<ul style="list-style-type: none"><li>▪ Quick start with latest settings of all sweeping and working parameters</li></ul>	<ul style="list-style-type: none"><li>▪ Driver can start work immediately</li><li>▪ Easy and efficient operation even for unexperienced drivers</li></ul>

# Features - advantages - benefits

	Feature	Advantages	Customer Benefit
	<p>2,5 m<sup>3</sup> waste container made of stainless steel with net volume of 1.800 l</p>	<ul style="list-style-type: none"> <li>High net volume of hopper despite 1,30 m machine width and less than 2 m height</li> </ul>	<ul style="list-style-type: none"> <li>Increased productivity due to reduced amount of discharge cycles</li> </ul>
	<p>CFD (Computational Fluid Dynamics) optimized sweeping system</p>	<ul style="list-style-type: none"> <li>Phenomenal vacuum power and optimized air flow to collect all kind of materials incl. glass bottles</li> </ul>	<ul style="list-style-type: none"> <li>Best cleaning results (benchmark) at low fuel consumption and noise level</li> </ul>
	<p>Integrated water recycling system with water tank and hydraulic driven recycling water pump</p>	<ul style="list-style-type: none"> <li>Low fresh water consumption</li> <li>Recycling water flow adjustable from cabin (10-60l)</li> <li>Water in hopper is drained into recycling tank</li> </ul>	<ul style="list-style-type: none"> <li>Increase in productivity and optimum use of working time</li> </ul>
	<p>Dump height of 1.600 mm</p>	<ul style="list-style-type: none"> <li>Waste can be dumped into standard container, into trailers or to loading platform</li> </ul>	<ul style="list-style-type: none"> <li>Increased productivity and reduction of idle time</li> </ul>

# Product data sheet

## Technical data

- |                                  |                     |
|----------------------------------|---------------------|
| ▪ Engine                         | VM; 54,5 kW STAGE V |
| ▪ Fuel tank                      | 70 l / h            |
| ▪ Driving speed                  | 0 – 60 km/h         |
| ▪ Working speed                  | 0 – 20 km/h         |
| ▪ Climbing ability               | 25 %                |
| ▪ Net weight (dep. on config.)   | 3.800 kg            |
| ▪ GVW                            | 6.000 kg            |
| ▪ Waste container volume (gross) | 2,5 m <sup>3</sup>  |

## Customer benefits

- High transport speed and big hopper volume in combination give a big operational range to cover almost all city layouts
- Low noise, low emissions and low PM 2.5 impact integrates the machine into the city like nothing else
- Operated at lowest costs by facilitating serviceability and crash repairs
- Fresh look to attract younger people to the job but also high level of safety and comfort

## Product brief

- Inner city cleaning and maintenance tasks but also remote areas in suburbs
- High cleaning frequency vs. low fine dust, noise and engine emissions in inner-city areas
- Superior cleaning performance

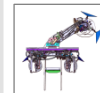

## Accessories (option)

Individual configuration according to customer needs

Wander hose  
(2.852-756.7)

High-pressure-cleaner  
(2.852-757.7)

3 Brush system with weed removal  
(2.852-764.7)

## Part number

MC 250

1.442-260.2

## Market launch

CW 35 / 2019
